July 2, 2018– (Washington, DC and Toronto, ON) – The Institutional Limited Partners Association (ILPA) today announced that in the first half of 2018, 16 organizations endorsed its private equity template for reporting fees, expenses and carried interest. The total number of organizations that have committed to transparency by endorsing the industry standard now exceed 160. Additionally, it is estimated that approximately 300 general partners are completing the Template when requested.

“We applaud those organizations who are requesting, completing and developing their reporting platforms and services around the ILPA Reporting template. They have demonstrated commitment to transparency that should be acknowledged and embraced by our ecosystem,” said Jennifer Choi, Managing Director of Industry Affairs for ILPA. “We call on those who are using the Template but not yet endorsing their own efforts to come forward and be recognized for the great work they are doing in encouraging standardization within the private equity industry.”
