

Integrating ESG Best Practice

● INTRODUCTORY COURSE

The Integrating ESG Best Practice course, part of the ILPA Institute Online asynchronous learning platform, is essential for anyone looking to understand how to measure and evaluate integration of ESG into their investment and organizational processes and includes guidance on due diligence processes, ESG monitoring and reporting strategies and legal and regulatory considerations for creating long-term value.

This course combines key strategies and practical advice from numerous private equity experts with the ability for the participant to engage “anytime, anywhere” at their own pace and convenience via an individual online guided learning journey.

Key Learning Objectives

- Identify how to integrate ESG into the investment processes and explore strategy
- Understand how to prepare for ESG due diligence
- Understand the legal and regulatory considerations of ESG, specifically the differences between ESG provisions included in the LPA vs. a side letter
- Identify the current ESG regulations and their impact on limited partners and general partners
- Define the common ESG Key Performance Indicators, industry standards and resources
- Identify the various ESG benchmarking options
- Understand how ESG implementation will enhance exit opportunities

Who Should Attend?

This class is designed for private equity professionals who are currently looking into integrating ESG into their program, maintaining a current ESG program and those who would benefit from an understanding of the importance of ESG.
