

ILPA SUMMIT NEW YORK

November 3-5, 2026

New York, NY

The Premier Private Equity Event of the Year!

ILPA Summit

The ILPA Summit is the premier annual gathering for private equity professionals, a standout, curated experience where LPs and GPs come together to build relationships that move the industry forward.

With a long-standing reputation for fostering meaningful, quality interactions, the Summit offers a rare opportunity to connect with top-tier institutional investors, strengthen existing partnerships, and spark new ones.

Purposeful Connections, Tailored to Your Focus

- Through our proprietary algorithm and white-glove, concierge support that attendees have come to expect, each GP receives a personalized meeting schedule aligned with their investment focus, allowing you to spend your time in conversations that matter. These one-on-one meetings are engineered to create momentum and open pathways for real partnership opportunities.

Two Days, Designed to Make Every Moment Count

- The Summit features a streamlined two-day agenda filled with conversations, content, and connections that resonate.
- Expect admission to all sessions that dive straight into the issues shaping private markets today, from AI's impact on portfolios to navigating stress in private markets, manager selection in dynamic environments, and deep dives into themes like healthcare, software, and defense.
- Networking feels natural and productive, and you'll have direct access to global LP decision-makers who come ready to engage.

Every GP receives six guaranteed LP meetings, with the possibility of additional meetings based on LP interest. Meetings take place across multiple blocks over both days, with designated windows that allow for expanded scheduling when demand supports it.
